Dumpster Wrap

Recognition of Kennesaw State University's faculty and student participation with the City of Marietta to introduce public art in the Central Business District. Mayor and City Council voted to wrap a dumpster in the downtown with an artistic design to improve the esthetic appeal of the dumpsters. Initially, one dumpster was selected to be wrapped with a design. Staff met with partners with art expertise to assist in this project. The Arts and Sciences Department faculty at KSU graciously volunteered to have some students and faculty submit design wrap options for consideration. Nine designs were submitted with four finalists. Donald Robson, Assoc. Professor at Kennesaw State University, submitted the winning design for the project. His design will soon be placed on the dumpster off of Powder Springs Street. City of Marietta thanks Kennesaw State University for its interest in this project and looks forward to enhancing its partnership with the University on future public art projects.
